Notification No. G 2. 107-115—43-44, *dated* 11*th February*.1944.

The attention of the dealers in cloth is invited to Clause 8 (1) (b) of the Cotton Cloth and Yarn (Control) Order, 1943, directing that no cloth (other than handloom cloth) or yarn manufactured before the 1st August 1943 should, unless expressly authorised by the Additional Textile Commissioner, be kept undisposed of by any dealer or by any person holding on behalf of a dealer, after the 31st December 1943. The dealers are informed that notwithstanding the provisions contained in the above clause they are permitted to keep and dispose of such cloth or yarn as aforesaid subject to the following conditions :—

1. Such cloth or yarn as aforesaid (with the exception of certain varieties of cloth which will be exempted from sealing and stamping) held in the possession of the dealers after the 31st December 1943 will be sealed by the Inspecting Officers of this Department if it has not already been done so. In sealing stocks, remnants (*i.e.*, length of a few yards remaining out of a full piece) and small quantities of a few pieces will be ignored. The sealed stocks will be left in the dealer's own shop after obtaining a mutchalika from him in the prescribed form. It would be the dealer's responsibility to see that none of this stock disappears and he is informed that if the whole quantity is not found intact at the time of stamping, his license will be taken away.

2. Such cloth or yarn as aforesaid should not be kept or sold unless it bears the special marking stamped or impressed upon it by the Inspecting Officers of the Department. Before stamping is undertaken, the dealer will be given the option of having his cloth, which has been sealed, stamped on the conditions given below or of letting the case go to a court of law. The option of having such cloth or yarn stamped will not be given to the dealer in cases where the quantity involved is very excessive having regard to the standing of the dealer and the normal volume of his turnover, or if the value of his goods discloses that a false return of stock as on 10th December 1943, has been sent by the dealer.

3. The cloth will be stamped in the same way as texmarked goods except that for the word "texmark" the initials "T. C. B." will be substituted. The month and year of marking shall be stamped or impressed below the letters "T.C.B." and immediately below the aforesaid marking shall be stamped or impressed the maximum retail price which shall be the ex-factory price fixed under the above order plus 10 per cent.

4. For affixing the markings prescribed in the above conditions, a fee equal to 10 per cent of the ex-factory maximum price will be levied from the dealer on whose cloth or yarn the markings are made. In the case of dealers whose stocks of cloth are within 3,000 yards in the case of Bangalore and Mysore Cities, and 2,500 yards in the case of mofussils, and who correctly declared their stocks as on 10th December 1943, the fee levied will be equal to 5 per cent of the ex-factory maximum price. The stamping fee should be credited by the dealer to the treasury to the head. "XXII-I. & C. Miscellaneous Receipts" and the treasury receipt should be presented to the Inspecting Officer before stamping is done.

5. The same principles and procedure apply for yarn as for cloth, but as it is not practicable to use a price-ticket for yarn that is already in bundles, the bundle itself will be stamped with "T.C.B." marking in several places with the month and year. The dealers should see that such yarn is not sold at more than 10 per cent over the ex-mill prices. The same 10 per cent fee will have to be paid by them towards stamping fee on yarn as on cloth.
